Advanced Donor Management Workshop

October 8-10, 2019
Philadelphia, PA

Day 1. Tuesday, October 8th

1:00 to 1:15 Welcome and Introduction

1:15 to 2:15 Examining the CXR 101.
This session will present fundamentals on evaluation of a chest radiograph

2:15 to 3:15 CT Imaging.
Computed Tomography has become more routine in the evaluation of donor lungs. This session will discuss some key principles as the audience gains some experience in using this tool.

3:15 to 3:30 Break

3:30 to 4:30 Donor Lung Management Strategies

4:30 to 5:30 Examining the Sub-Optimal Donor Heart
We seek to maximize each potential donor. There may be instances in which age, CAD and other findings, may make it these organs difficult to place.

5:30 to 7:00 Reception

Day 2 Wednesday, October 9th.

9:00 to 10:00 FCCS Content and Introduction: Review Online Study Materials
