Do you have an educational need in your
Transplant Center, OPO or region?

Is travel difficult due to staffing issues and
travel restrictions?

NATCO will now come to YOU!

NATCO, *The Organization for Transplant Professionals* now has the following programs available to bring to your center or region:

CCTC Review Course

The Certified Clinical Transplant Coordinator (CCTC) Review Course is based on the CCTC Examination detailed content outline. This course provides the information and confidence that potential candidates need to pass the examination the first time!

Advanced Donor Management with SimMan®

NATCO offers Organ Procurement Organizations the opportunity to bring qualified professionals to their OPO and provide a personalized hands-on training workshop using the Laerdal SimMan®. The "OPO Hosted Donor Management Workshop" is being offered for \$6,500 and up to 7.0 CEPTCs per attendee!

Advanced Hospital Development Education

This course is intended for those with strong hospital development (HD) experience (approximately 2+ years) or are new in a supervisory role within HD and are seeking to develop advanced HD and leadership skills.

And coming soon...

CPTC Review Course

The Certified Procurement Transplant Coordinator (CPTC) Review Course is based on the CPTC Examination detailed content outline. This course provides the information and confidence that potential candidates need to pass the examination the first time!

Focus on Quality Understanding and Implementing CMS Regulations

NATCO will provide an in-depth review of the CMS FQAPI requirements and provide centers with tools to help them develop their own successful FQAPI program.

Do you have other educational needs?

NATCO can help with customized programs created for your organization.

**Don't wait —
Take advantage of these exciting educational opportunities!**

Upcoming Educational Offerings:

Introductory Course for the NEW Transplant Professional and Procurement Professional

June 13-16, 2014

Tempe, Ariz.

The Introductory Course is designed to provide basic information to the new procurement or transplant professional. Due to the intense nature of the course, faculty members suggest that participants have a least one month of on-the-job experience in transplantation or donation before attending the course.

NATCO 39th Annual Meeting

August 10-13, 2014

San Antonio, Texas

Our practice has become more and more specialized, yet this year's Annual Meeting program features topics that are common to all clinicians. The topics, which may be outside our individual practice areas, will offer an alternative viewpoint, provide valuable information and thus benefit our patients, the donors and their families. We are confident that this educational meeting will provide new information for implementation into your day-to-day practice!
