About the First Hill Campus
The 697-bed tertiary-care center on the Swedish/First Hill campus is the flagship of the Swedish health-care system. Swedish/First Hill has one of the most active and advanced birthing programs in Washington State and houses a Level III neonatal intensive-care unit. More surgeries are performed each year at Swedish/First Hill than at any other facility in the region; volumes include more total joint replacements than any other medical center in the state.

We offer a full comprehensive range of benefits — see our website for details
